Location: Santa Fe Soul • Santa Fe, New Mexico

## Lecture and Open Healing Service

7pm ~ 10pm (*might go longer*)

This event is mainly about two things... Jerry Wills, and healing. Healing usually becomes the focal point for most once they see Jerry at work, and the results others have experienced. But there is much more to this public appearance.

If you are wondering who Jerry is, you discover an answer that has surprised audiences around the world. Yes, he is a healer, but there is so much more he has to tell you that might change your life.

During this evening event you might witness miracles, discover how to access your abilities, and hear what many have felt was life changing transformational information. Need healing? It's not only possible, but highly probable you will experience it. Do you want to use your gifts to help others? It's easily done, and within your reach. Jerry Wills shows you how simple it can be. Are you looking for answers... *or solutions?* You find them here...

## What Others Are Saying

*"What do you say about someone who is perhaps the most extraordinary person you will ever meet in your life. Jerry Wills is that person and more. I have known Jerry for about 2 years on both a personal and professional basis (though with Jerry, the lines tend to blur!) On a personal level, he is a rock solid person with amazing warmth, humor, friendship and empathy. On a professional level... I have seen him perform miracles ranging from healing an infant with brain cancer, to achieving remission in stage IV cancer patients, to easing my aching back with an apparent wave of the hand. On all levels, Jerry never disappoints, always exceeding one's expectations. Jerry Wills? He's the real deal on all levels!"*

.....~.....

*"Jerry went totally above and beyond the call of duty during the Memphis healing workshop on Friday night. After a brief explanation of his method, he went to work on the audience. Several spontaneous healings were noted, including one lady whose hands had troubled her for years with terrible arthritis pain. It went away completely, instantly. Jerry worked on everyone that night until almost midnight with his healings, and everybody left with a sense of awe. It was almost unbelievable, yet there it was! Simply amazing..."*
